Inheritance law and practice in the Cayman Islands

by Cooper, Simon - **c2025.** - Copies: 1 of 1 available

"I felt that it would be useful to offer a textbook where I could put forward a considered view of the whole field of inheritance law in Cayman. I found that the law was problematic in lots of ways, even on some basic issues. The book offers some resolution and analysis – so I hope it will be a useful resource for Cayman lawyers and judges." - Prof. Simon Cooper

Call Numbers: KL130 RID 2023

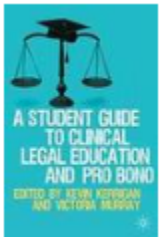

Street law : theory and practice

by Ridout, Frances, - **c2023.** - Copies: 2 of 2 available

"Street Law examines the theory and practice of public legal education, and street law in particular. It provides practical guidance for students on issues such as: designing a Street Law project; interactive teaching techniques; creative teaching; reflection and evaluating a street law project. The chapters are divided into two; the theory of the topic and the practical application of that theory to the Street Law classroom. The text also doubles as a journal, with spaces left for students to write about their experiences and reflections. Street Law is ideal for all law students taking a curricular or non-curricular course in street law through the Law Clinic"--

Constitutional and administrative law

by Barnett, Hilaire, - **c2025.** - Copies: 2 of 2 available

"Trusted by generations of students, and consistently reliable and up to date, Hilaire Barnett's Constitutional and Administrative Law continues to provide accessible and comprehensive coverage of the Public Law syllabus. Mapped to the common course outline, the Sixteenth edition equips students with a thorough understanding of the UK constitution's past, present and future by analysing and illustrating the political and socio-historical contexts that have shaped the major rules and principles of constitutional and administrative law, as well as ongoing constitutional reform. This edition has been fully updated throughout, including additional questions to aid student understanding of this complex area of the law. The online digital resources have been updated with a new student website including useful weblinks, updates to the law (provided by the author), and brand new student revision quizzes. Ideal for students studying constitutional and administrative law for the first time, this is an indispensable guide to the challenging concepts and legal rules in public law"--

Call Numbers: KM587 ASH 2021

Sentencing and criminal justice

by Ashworth, Andrew, - **©2021.** - Copies: 2 of 2 available

"This revised and updated new edition focuses on major developments in sentencing law, practice and theory. Sentencing in England and Wales is now dominated by Sentencing Council guidelines, and scrutiny of those guidelines is central to this book. Issues of principle are identified and discussed, to include the constitutional position of the Sentencing Council; the meaning of, and challenges to, proportionality; and the sentencing of BAME offenders and women offenders. The book welcomes the new Sentencing Code, introduced as the Sentencing Act 2020, and critically examines the government's plans for sentencing reform, set out in the 2020 White Paper A Smarter Approach to Sentencing. Throughout the book, sentencing is explored in its wider criminal justice context - making it essential reading for courses on sentencing, criminal justice and criminal law"--

Call Numbers: KM587 EAS 2022

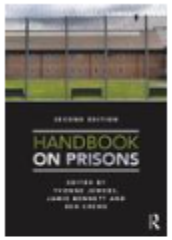

Sentencing and punishment : the quest for justice

by Easton, Susan M., - **c2022.** - Copies: 2 of 2 available

Examining the theory behind the headlines and engaging with current debates, this new edition provides thoughtful, impartial, and unbiased coverage of sentencing and punishment in the UK. Collectively, Susan Easton and Christine Piper are highly experienced teachers and researchers in this field, making them perfectly placed to deliver this lively account of a highly dynamic subject area. The book takes a thorough and systematic approach to sentencing and punishment, examining key topics from legal, philosophical, and practical perspectives. Offering in-depth and detailed coverage, while remaining clear and succinct, the authors deliver a balanced approach to the subject. Chapter summaries, discussion questions, and case studies help students to engage with the subject, apply their knowledge, and reflect upon debates

Call Numbers: KM650 HAN 2016

Handbook on prisons

c2016. - Copies: 1 of 1 available

The second edition of the Handbook on Prisons provides a completely revised and updated collection of essays on a wide range of topics concerning prisons and imprisonment. Bringing together three of the leading prison scholars in the UK as editors, this new volume builds on the success of the first edition and reveals the range and depth of prison scholarship around the world. The Handbook contains chapters written not only by those who have established and developed prison research, but also features contributions from ex-prisoners, prison governors and ex-governors, prison inspectors and others who have worked with prisoners in a wide range of professional capacities. This second edition includes several completely new chapters on topics as diverse as prison design, technology in prisons, the high security estate, therapeutic communities, prisons and desistance, supermax and solitary confinement, plus a brand new section on international perspectives. The Handbook aims to convey the reality of imprisonment, and to reflect the main issues and debates surrounding prisons and prisoners, while also providing novel ways of thinking about familiar penal problems and enhancing our theoretical understanding of imprisonment. The Handbook on Prisons, Second edition is a key text for students taking courses in prisons, penology, criminal justice, criminology and related subjects, and is also an essential reference for academics and practitioners working in the prison service, or in related agencies, who need up-to-date knowledge of thinking on prisons and imprisonment.

Call Numbers: KN398.6 BLA 2025

The Jackson ADR handbook

by Blake, Susan H. - **c2025.** - Copies: 1 of 1 available

The Jackson ADR Handbook was written to fulfil a recommendation by Lord Justice Jackson that there should be an authoritative handbook on alternative dispute resolution (ADR). The first edition, published in 2013, laid a strong foundation as an authoritative guide to ADR, receiving judicial endorsement from the Court of Appeal. Subsequent editions built upon that success, becoming a syllabus text prescribed by the Bar Standards Board. The use of ADR continues to be embedded in dispute resolution in England and Wales, with the Master of the Rolls and the Ministry of Justice implementing reforms that place the use of ADR alongside litigation. This revised fourth edition integrates important new case law, including the landmark case of iChurchill v Merthyr Tydfil Borough Councilr [2023], in which the Court of Appeal decided a court can order parties to engage in a non-court based dispute resolution process, provided the right to a trial remains. Key changes in court rules and pre-action protocols are also covered. Designed with a concise, user-friendly format, the text provides an in-depth overview of the options and principles for ADR, placing them firmly within the context of litigation, and looking in detail at the relevant court rules and legal principles, such as privacy and legal professional privilege, as well as practical topics such as how to prepare for and what happens during mediation and recording and enforcing settlements.
